The Safest Choice

The Intermec CK32 intrinsically safe mobile computer carries the most extensive list of global hazardous environmental ratings of any rugged mobile computer in the world (UL, ATEX and IECEx). This makes it the safest choice for workers in the chemical, oil and gas, and pharmaceutical industries. The CK32IS is the only mobile computer to achieve both Zone 0 and Zone 20 certification.

The CK32IS meets or exceeds the most stringent requirements, not only for gases, vapors and liquids, but also for dusts, fibers and even, in certain regions, underground mining applications.

When safety matters, think CK32IS.

Standardize On One Vendor

- Exceptionally rugged: 5' drop (1.52m), IP67
- Meets or exceeds the latest ATEX safety standards:
 - Gas: Zone 0, Group IIC, ia, T4
 - Dust: Zone 20, ia, T250° C
 - Mining: Group I, M1
- Full international safety certifications in one computer
- Allows companies to standardize on one product
- Worldwide service & support

CK32IS Order Number

- INT - CK32AS021D4E1803 BT, 1DIMG, 802.11 b/g, 42-key, Zone 1, EU

To learn more about ATEX products, please contact your local sales representatives on the free phone number on the back.
