# Introducing the new HIGH SPEED PB50 Mobile Printer

The PB50 four-inch mobile label printer is the perfect complement to Intermec's mobile computers, scanners and media. It will put your mobile workers in the warehouse fast lane, printing labels, tags and receipts where and when you need to through Bluetooth® and WLAN connectivity.

As a part of a total solution aimed at improving warehouse management operations, the PB50 printer interfaces seamlessly with bluetooth-enabled intermec mobile computers including the CK31, CK61, and CV30 vehicle mount computer, along with the CN3, and 700 series.

CK31

CN3e

CV30

700 SERIES

CK61

## KEY SELLING POINTS

- Total hardware solution from a single, trusted source.
- Radio Connectivity by BlueTooth® or WiFi 802.11 and full compatibility with your wireless infrastructure, mobile computing and network security.
- Patented power management of the 32.6 watt hours of available battery power.
- Ultra-fast performance.
- Ruggedness and long battery life, critical for preventing interruptions to operations.
- SmartSystems™ technology, delivering unique remote management capability.
- Field-replaceable print head.
- Choice of shoulder strap or belt clip.
- Vehicle mount option, with or without power, for forklifts and carts.
- Accommodation of specialised media.  
(e.g. SSCC and/or AIAG labels)

## PRIMARY APPLICATIONS FOR THE PB50

- Picking
- Shrink wrapping and staging
- Quality/Inspection
- Reverse logistics and transfers
- Asset labeling
- Shelf or product labeling

## MARKETS AND APPLICATIONS

Outside of Direct Store Delivery, Warehousing has the highest penetration of mobile applications. The PB50 is primarily aimed at warehouse operations of Consumer & Industrial Goods manufacturers, and Transportation & Logistics verticals who currently utilise Advanced Shipment Notices in their warehousing operations and supply chain, or are looking to start.
